

*Though the snow is deep
and the flowers still sleep,
there's no time like the present,
to plan the Garden
and plant the seeds
that may lead young hearts
toward Heaven.*

We're thinking about a **Prayer Garden** on our Church property, primarily as a teaching tool for our kids, but also as a prayerful place for people of all ages to use and enjoy.

Our Session has given its blessing to the project, proposed by Crissy Brooks-Wilson on behalf of all the Sunday School kids.

Interested? Have some ideas to share?

Please call Crissy soon,

How about a **Meeting of all Interested Minds** after Church on Sunday March 3? Share ideas, compare some dreams, plan the work and **Pray about it...**
